## Company Introduction – FORMYARD LTD

Dear Sirs,

We sincerely thank you for the opportunity to introduce our company to your esteemed organization.

Formyard LTD is a leading formwork supplier in Nigeria, serving as the authorized representative for Doka Formwork, we also proudly represent Catari Scaffolding, Dingli MEWP, and other prominent formwork brands. With a century of experience, we are a globally recognized leader in providing high-quality formwork and scaffolding systems designed for the efficient construction of diverse concrete structures.

Based in Lagos, Nigeria, Formyard LTD was established in September 2023, bringing together collective expertise to serve as a hub for markets across West Africa. We offer a range of products and systems, complemented by comprehensive services, including engineering guidance, project management for formwork, proposal and shop drawings, on-site training, and client training at our facilities. To ensure effective communication and rapid client engagement, we maintain an additional engineering and management office in Lagos.

Our extensive product line includes a wide range of formwork solutions designed to expedite the construction of concrete structures, all while maintaining exceptional quality. These solutions are suitable for a diverse range of projects, ranging from residential villas and multi-story housing to towering skyscrapers, bridges, tunnels, airports, seaports, stadiums, power plants, cooling towers, LNG tanks, domes, and towers.

This company profile provides insight into our company, product portfolio, and our 13-year track record of successfully completing diverse projects throughout Nigeria.

We would be greatly honored if you would consider Formyard Limited for your future projects in Nigeria. We are ready to address any inquiries and kindly request your permission for an in-depth, personalized company presentation within Nigeria.

Best regards,  
Kevork Kedikan
